Safety Instructions:

- Follow the manufacturer's instructions during installation to avoid damage and injury.
- Maximum load capacity is 8 kg per monitor. Do not exceed this limit.
- Tighten the table clamp to prevent the monitor arm from slipping or tipping over.
- Avoid contact with water and moisture to prevent electrical damage.
- Product is not suitable for children; keep away from children and pets.
- Mount monitors correctly to avoid the risk of them falling.
- Use at your own risk; improper handling can lead to injuries.
- Protect cables from wear and tear and avoid tripping hazards.
- Attach to the edge of the table stably and securely to prevent wobbling or slipping.
- Regularly check that all fastenings are securely tightened.
- Use VESA standards for secure mounting of monitors.
- Route cables safely in the cable management system to avoid tripping hazards.
