Article Numbers: 321024, 321023, 321022, 321021, 321020, 321019, 321018, 321017, 321016, 321015, 321014, 321013, 321012

Safety Instructions:

- Pay maximum attention when handling and using the product to avoid the risk of choking.
- Take care on wet or slippery surfaces to minimise the risk of slipping.
- Avoid contact with mechanical parts to prevent injury.
- Observe ESD safety requirements to minimise risks.
- Safety shoe according to EN ISO 20345 (S2) for mechanical protection with steel toecaps.
- Avoid use in wet or slippery environments to reduce the risk of falling.
- Careful handling of the BOA® closure system to ensure functionality and avoid injuries.
- Keep shoes away from chemicals that could attack or damage the material.
- Wear suitable insulation when working in electrically hazardous areas.
- Regularly check the shoes for wear and damage to maintain the protective effect.
- Only use shoes for their intended purpose and check that they are intact before use.
- In wet conditions, check the inside of the shoe for moisture.
- Shoes should fit well to avoid injuries.
- Suitable for use in ESD-protected areas; maintain antistatic properties.
- Do not use in water or extreme temperatures, so as not to impair functionality.
- Not for use in explosive atmospheres or in contact with power lines.
- Not suitable for children under 12 years of age.
- Keep soles clean and damage-free to ensure slip resistance.
- Inspect shoes regularly for wear or damage; replace if necessary.
