Safety Instructions:

- Avoid using on plaster, wallpaper, PE, PTFE or PP, as the hook may not adhere there.
- Make sure that the maximum load of 12 kg is not exceeded to prevent objects from falling and damaging the hook rail.
- Removing the hook strip can leave residue on plaster or wallpaper.
- Be careful when installing the hook rail in sensitive areas such as living rooms.
- Keep small parts away from children to avoid the risk of choking.
- The hook rail should be securely attached to the wall to prevent it from falling and causing injury.
- Ensure that the surface is clean and dry before attaching the hook strip.
