Article Numbers: 156901, 156900, 156899, 156898, 156897, 156896, 156895, 156894

Safety Instructions:

- The workbench should only be used by trained personnel to avoid injury.
- Wear personal protective equipment (PPE) such as gloves and safety goggles.
- Only use the workbench on stable, level surfaces to avoid the risk of tipping.
- Observe the workbench's maximum load capacity of 1250 kg. Do not place excessive loads on the worktop or drawers.
- Do not overload drawers to avoid damage (max. 100 kg per drawer).
- Avoid aggressive cleaning agents to prevent surface damage.
- Use the vice according to the instructions and do not pinch fingers.
- Keep the workbench away from children and only use it under supervision to avoid accidents.
- Use the cupboard's central locking system to prevent unauthorised access.
- Secure drawers during use to prevent them from falling out.
- Avoid proximity to water sources to prevent water damage.
- Keep the workbench free from tripping hazards and in a clean condition.
- Avoid the risk of electric shock by taking care when handling electrical tools.
