Article Numbers: 156913, 156912, 156911, 156910

Safety Instructions:

- Observe maximum surface load: Do not exceed 1250 kg.
- Do not overload drawers: Max. Load capacity 100 kg (160 mm height) and 50 kg (120 mm height).
- Use the central locking system to prevent unauthorised access to drawers and contents.
- Use non-slip feet or a stable, level surface to prevent stability and tipping over.
- Regularly check for wear and damage to guarantee safety.
- Carry out a risk analysis before using the product.
- If used incorrectly, there is a risk of injury from the weight of the workbench (max. 1250 kg).
- Do not make working with the workbench dangerous: Pay attention to sharp tools and edges.
- Safe handling of the drawers and door to avoid crushing.
- The workbench is not designed for use by children and should be kept out of their reach.
- Ensure that all locks are properly closed to prevent the door from opening unintentionally.
- Avoid using the workbench as a ladder or climbing object.
