Safety Instructions:

- Not suitable for children under 3 years of age due to risk of injury from heavy parts.
- Keep children away to avoid the risk of injury from pinching.
- Please observe the recommended weight loads of the drawers (max. 100 kg) and the worktop (max. 1250 kg).
- The workbench should be set up on a stable, level surface to prevent it from tipping over or wobbling.
- Use anti-slip studs on the feet of the frame to prevent slipping.
- Do not use the workbench near water damage to prevent damage to the wood.
- Regularly check the stability and condition of the drawers and doors.
- At least two people should help when moving the workbench to avoid injuries.
- Caution: Sharp edges on the worktop can cause injuries.
- Safely remove packaging materials to prevent suffocation.
