Safety Instructions:

- The workbench may only be used on firm, stable and level surfaces to prevent it from tipping over.
- When using the drawers, please note the maximum load capacity of 100 kg per drawer.
- To avoid injury, care should be taken when closing doors and drawers.
- The workbench should be checked regularly for stable construction and damage.
- Mechanical parts could cause crushing or cutting injuries if handled incorrectly, so special care must be taken when using them.
- Observe maximum load: Maximum 1250 kg surface load.
- Maintain hinges and locks regularly to ensure smooth opening and closing.
- Do not use or modify the construction improperly.
- Observe the safety instructions for the use of heavy objects when using the workbench.
