Safety Instructions:

- Max. Load capacity: Do not exceed 120 kg. Only use the chair for its intended purpose.
- Keep out of reach of children, avoid choking hazard due to small parts.
- Observe ergonomics during use to avoid health problems caused by incorrect sitting.
- Use the chair on a stable/level surface, avoid tipping over.
- Check the height adjustment mechanism regularly to ensure proper function.
- Regularly check the screws and parts for strength.
- Take a damaged or worn chair out of service immediately.
- Ensure installation according to instructions to minimise safety risks.
- Keep moving elements free of objects to avoid injuries.
- Risk of slipping if the plastic glides have insufficient grip on smooth surfaces.
- Risk of electric shock with electrically adjustable models (if applicable).
- Risk of injury from adjustment mechanisms if used incorrectly.
- Clean the chair according to the instructions for a long service life.
