Safety Instructions:

- Pay attention to the stability of the attachment element during the installation process to prevent it from tipping over.
- The add-on unit must not be overloaded in order to avoid structural damage.
- Avoid contact with water or moisture, as the material (chipboard) is not water-resistant.
- Keep the add-on element out of the reach of children, as it is not suitable for children.
- Only use the recommended installation tools to avoid injury.
- Safety information and instructions must be understandable for consumers.
- The product must be checked regularly for stability and safety, especially under heavy loads.
- Ensure that all parts are correctly fitted before use.
- Be careful during assembly and use due to the risk of injury from sharp edges and mechanical parts.
- Keep the product away from fire, heat sources and direct sunlight.
- Provide suitable procedures for the proper disposal of the product.
- The product is not suitable for children under 3 years of age to avoid the risk of choking on small parts.
- The manufacturer must ensure that the product has been manufactured in accordance with the safety standards.
- Provide clear instructions and safety information for the installation and use of the product.
