Please note the technical data of the products!

Article Numbers: 155788, 155787

Safety Instructions:

- Only fit in conjunction with a Treston TP or TPH series worktable.
- Keep away from children, as improper use may result in injury.
- Ensure correct adjustment when adjusting the height to prevent injuries from falling.
- Product is ESD conductive; improper handling can damage electronic components. Suitable for ESD-sensitive applications, therefore do not use in conjunction with non-ESD products.
- Do not exceed the maximum load of 150 kg to ensure stability.
- For heights of 650 mm to 900 mm, ensure that the stability of the table is not compromised.
- It is recommended that you are assisted by a specialist during self-assembly in order to avoid injuries caused by improper handling.
