Please note the technical data of the products!

Article Numbers: 310674, 310673, 310671, 310670

Safety Instructions:

- Risk of suffocation due to improper handling of small parts (e.g. key for the lock).
- Risk of injury due to improper wall mounting of the cabinet. Safety instruction: The cabinet should be secured to the wall to prevent it from tipping over.
- Risk of injury due to unstable standing if the shelves are used incorrectly or overloaded. Do not overload the shelves (max. 50 kg with evenly distributed load).
- Handling sharp edges during assembly or use.
- Use suitable tools and techniques when installing and securing the cabinet.
- Operating risk due to improper locking, which can lead to unauthorised access.
- Pain injuries due to crushing of the hands if the doors are opened or closed incorrectly. Do not force the door open to avoid damage.
- Follow the instructions for safe use and installation. Enclose the user manual: Ensure use in accordance with the safety regulations.
