

Product Safety Information

Foldable bin Euro 4322 DL, with lid, for transport and handling, volume 19 L

Manufacturer/Responsible Person: Walther Faltsysteme GmbH, Hoogeweg 136, 47623 Kevelaer, Deutschland

E-Mail: info@faltbox.de

Please note the technical data of the products!

Article Numbers: 463953, 135395

Safety Instructions:

- Not suitable for use by children under 3 years of age to avoid the risk of choking on small parts.
- If stacked incorrectly, the folding box can tip over and cause injury, so ensure that the maximum stacking load capacity of 100 kg is observed.
- The folding box is made of polypropylene (PP) and should not come into contact with highly corrosive chemicals so as not to damage the material.
- Before use, the folding box should be checked for cracks or other damage to minimise the risk of breakage and injury.
- The folding box is not suitable for direct contact with food; suitable hygiene measures must be observed when used in food environments.
- Avoid overloading the box (max. 25 kg) to minimise the risk of injury.
- Product is not intended for use in extreme temperatures or chemical solutions, unless permitted by the specifications.
