Article Numbers: 135411, 135410

Safety Instructions:

- Do not exceed the maximum individual load of 150 kg.
- Do not exceed the maximum stacking load of 450 kg.
- If stacked incorrectly, there is a risk of injury from falling over.
- Do not overheat the container or expose it to extreme temperatures.
- Polypropylene can react chemically if stored improperly.
- Keep out of the reach of children to avoid the risk of accidents.
- The box is not suitable for use by children.
- Make sure that the box does not tip over if it is heavily overweight.
- Avoid contact with hot surfaces to prevent burns.
- The box is fitted with a lid, make sure that this is properly locked to prevent the contents from falling out.
- The manufacturer recommends not loading the box above the specified load capacity of 150 kg in order to minimise the risk of damage or injury.
