Safety Instructions:

- Ensure that the cabinet is standing on a stable and level surface to prevent it from tipping over.
- Do not exceed the maximum permissible load of 50 kg on the shelves.
- Do not place the cabinet near heat sources or in a damp environment.
- Only use the cabinet in accordance with the instructions provided.
- Children should not be left unattended near the cabinet. Keep small children under supervision to prevent injury from improper use.
- Take care when handling the keys to the rotary cylinder lock to avoid losing them.
- In the event of damage to the cabinet or its parts, cease repair or use immediately.
- Observe durability and stability with a maximum shelf load of 50 kg.
- Use the locking mechanisms correctly to ensure safe use.
- Ensure that no excessive or unsuitable items are stored in the cupboard.
