Safety Instructions:

- Ensure that the cabinet is securely locked with the safety lock to prevent unauthorised access. Only use the keys provided and keep them out of the reach of children.
- Avoid overloading the cabinet as this can lead to instability or damage.
- The sharp edges of the cabinet can cause injuries; check the edges regularly and be careful when handling.
- The mail distribution cabinet is not suitable for use by children; keep it away from children and ensure that it is not used as a toy.
- The cabinet must be placed on a stable and level surface to prevent it from falling over.
- Caution: Contains moving parts that can cause injury if used incorrectly.
- Due to the nature of the material, the product is not suitable for use outdoors or in damp environments, as this can lead to rust.
- Regularly check the functionality of the lock and doors for signs of damage.
- Be careful when using the chute to minimise the risk of injury; it is not suitable for large objects.
- The product contains small parts that may pose a choking hazard. It is not suitable for children under 3 years of age.
- Ensure that the security cylinder lock always works properly and that the corresponding keys are stored securely.
- Make sure that the cabinet is not placed near moisture or a direct source of heat.
