Safety Instructions:

- Choking hazard due to small parts, especially for children under 3 years of age.
- Risk of injury from sharp edges or corners, especially if used improperly.
- Do not exceed maximum load to ensure structural integrity.
- Risk of body parts becoming trapped by the doors. Security cylinder lock requires correct use to prevent unauthorised access.
- Product should not be used as a climbing aid or play equipment to avoid injury.
- Use only on non-flammable surfaces and securely fasten to the wall to prevent tipping over.
- Regular checks and inspections recommended.
- Avoid using near water or damp places.
- Children under the age of 12 should only use the device under the supervision of an adult.
- The product does not contain any toxic materials.
