E-Mail: mail@alco-albert.de

Please note the technical data of the products!

Article Numbers: 188275, 188274, 187338, 187337

Safety Instructions:

- Risk of electric shock due to improper use or installation. Use the free-standing light in accordance with the instructions to avoid risks.
- Do not use in wet rooms. Do not use outdoors. Only suitable for indoor use.
- Ensure that the LEDs cannot overheat. Wait until the lamp has cooled down before touching or dimming to avoid the risk of burns.
- LEDs are permanently installed and cannot be replaced, which can lead to irreparable damage. Keep the light away from children due to small parts.
- Enclose easily accessible operating instructions with safety information.
- Energy efficiency class D. High energy consumption costs may be incurred, bear in mind the energy consumption of 60 or 80 kWh/1000 h.
- Ensure that the electronics are not overloaded when dimming.
- Do not position the light at reflective angles to avoid glare and ensure sufficient safety distance from the wall due to the risk of fire.
