Safety Instructions:

- Do not place within reach of children, as there is a risk of suffocation from small parts.
- Ensure that the power supply is switched off before carrying out maintenance work.
- Please do not touch with wet hands or use near water to avoid the risk of electric shock.
- Avoid using damaged cables or plugs.
- Caution: Risk of electric shock if used incorrectly or if the electrical components are tampered with.
- The light source may and should only be replaced by qualified personnel.
- Ensure that the floor lamp is stable to prevent falls and to minimise the risk of injury due to unstable use caused by insufficient stability.
- Risk of injury if the light falls over.
- Skin irritation due to contact with the light source or its spare parts if handled improperly.
- When operating the motion sensor, make sure that the sensor is not blocked to ensure proper functioning.
