Article Numbers: 144389, 144388, 144383, 144382

Safety Instructions:

- The chair can be loaded up to a weight of 110 kg. Do not exceed this weight limit.
- Only use the office chair on level and stable floors or on surfaces recommended by the manufacturer.
- Ensure that all adjustment mechanisms are correctly adjusted and that the chair is set correctly to avoid back and neck pain.
- Regularly check the stability of the castors, the base and the mechanism of the chair for safety-relevant defects.
- Make sure that the chair is cleaned regularly to ensure safety and hygiene.
- Protect the chair from direct sunlight, moisture and water to prevent material damage.
- Adjust the height and depth settings to suit your individual needs for optimum comfort.
- Please note that the chair has no armrests, which can lead to an increased risk of falling over.
- Only allow children and vulnerable persons to use the appliance under supervision.
- Only use the office chair in accordance with the manufacturer's instructions and safety information.
- Avoid sitting on the chair if it is damaged or defective.
- The double castors are suitable for all floor types, but not for extreme surfaces.
