Safety Instructions:

- Maximum load capacity: 110 kg; ensure that this is not exceeded.
- Make sure that the height adjustment is set correctly to avoid injury.
- Avoid using the chair on uneven or sloping floors to prevent it from tipping over.
- Read the installation instructions carefully to avoid incorrect installation and the associated risks.
- Maximum recommended sitting time: over 8 hours; regular breaks are recommended to avoid health problems.
- Protect the chair from excessive moisture to prevent damage to the material.
- The chair without armrests offers no support in this direction.
- The chair encourages active sitting; adjust the settings to suit your individual needs.
- Avoid a permanent sitting position to prevent health problems.
- Product is suitable for users aged 18 and over.
- Keep the chair away from fire and heat sources.
- Product should be checked regularly for functionality.
- Ensure that the chair is placed on a stable, level surface.
- Only use the chair for its intended purpose.
- Regular inspection of the mechanics and settings is required.
- Do not lean back too far after each transfer to avoid tipping over.
- Armrests are height-, width- and depth-adjustable; adjust correctly to prevent injuries.
- Avoid excessive pressure on the backrest to prevent damage.
- This office chair has no armrests; retrofitting is not possible.
- Regular maintenance and cleaning will extend the life of the chair.
- Ensure that all adjustable parts are properly secured before use.
