Article Numbers: 33385, 33384, 33383

Safety Instructions:

- Maximum shelf load: 500 kg with evenly distributed load. Do not overload or use improperly.
- Ensure that the clamping forces do not lead to deformation when setting up or storing the panels.
- Use suitable lifting equipment to avoid injury from crushing.
- Keep the panels away from moisture to prevent deformation or mould formation.
- Ensure safe use according to the manufacturer's instructions and correct installation according to the enclosed instructions.
- Use only for the intended operating range.
- In the event of changes to the structural integrity (e.g. additional loads), take additional safety precautions.
- Store out of the reach of children to avoid injury.
