Article Numbers: 193893, 193892, 193891, 193890, 193889, 193888

Safety Instructions:

- Not suitable for use in rooms with open flames or extreme temperatures.
- The product may be damaged if handled incorrectly.
- Not suitable for children under 3 years; choking hazard due to small parts.
- Only use in well-ventilated rooms.
- Material is flame-retardant in accordance with DIN 4102 B1. Nevertheless, it complies with fire protection regulations.
- The wall absorber should be protected from direct contact with moisture and high humidity to prevent mould growth and material damage.
- Do not use sharp objects or chemicals for cleaning to avoid damaging the surface.
- Ensure safe installation instructions to prevent the product from falling, installation should be carried out by a qualified person.
- Do not use in areas where there are high temperatures, direct sunlight or direct sources of fire, as this may impair the material properties.
- Do not use the wall absorber as a toy for children, do not lean heavy objects against it to avoid falling over and possible injury.
- Do not clean directly with water or aggressive cleaning agents.
- Ensure sufficient wall support during installation.
