Safety Instructions:

- Not suitable for children under 3 years of age as small parts may be present.
- Transparent bags are not suitable for direct contact with food.
- The product should not be stored near sources of heat or fire or in direct sunlight in order to avoid material damage and discolouration.
- Avoid contact with sharp objects to prevent damage.
- The product should be used in accordance with the instructions to avoid damage.
- Take care not to overload or crush the product to ensure the integrity of the material.
- The product is not intended to come into contact with liquids, as this could impair the authenticity of the document.
- Made of tear-resistant material, but keep away from shocks and extreme conditions.
- If the product becomes dirty, clean it carefully with a damp cloth. Do not use aggressive cleaning agents.
