Safety Instructions:

- Choking hazard due to small parts during assembly or use, especially if moving parts can be reached by children's hands.
- Be aware of the risk of slipping on slippery floors.
- Risk of overloading if used above the recommended weight of 120 kg or in case of insufficient stability, especially on uneven surfaces.
- Risk of injury due to improper handling of the adjustable parts or incorrect adjustment, such as the seat height. Adults should carry out height adjustments.
- Avoid back and neck problems due to incorrect adjustment or excessive sitting time without breaks.
- Be aware of the risk of injury due to sharp edges or thick parts.
- Observe the safety range with a maximum load capacity of 120 kg.
- Follow the maintenance instructions for checking the castors and stability regularly to avoid malfunctions.
- Follow the instructions for safe use and care of the fabric cover to minimise wear and tear.
