Article Numbers: 155040, 155039, 155038, 155037, 155036, 155035, 155034, 155033, 155032, 155031

Safety Instructions:

- Maximum surface load: Do not exceed 500 kg to avoid structural damage.
- Check the height adjustment regularly and ensure that it is working properly to prevent falls and injuries.
- When adjusting the height, watch out for finger injuries and only allow one person to do so.
- Use the table on a stable and level surface to prevent it from tipping over.
- When assembling the table, use all the manufacturer's instructions and the correct tools to ensure correct stability.
- Children should not play near the table without shade, as there is a risk of injury.
- Before use, check the stability of the table and regularly secure the condition of the bolts and screws.
- Avoid contact with naked flames, extreme temperatures and sharp objects to prevent surface damage.
- Ensure that the work area is free of obstacles to avoid tripping and crushing hazards.
- Do not use the product near water sources to avoid the risk of electric shock.
- Only use for the intended purpose in order to minimise safety risks.
- Store disassembled parts safely and follow the assembly instructions to prevent assembly errors.
