Safety Instructions:

- Risk of suffocation from small parts if used incorrectly.
- Fire hazard if the furniture is handled improperly; note that artificial leather is flame retardant, but do not place it near open flames.
- Products made of artificial leather can be damaged by extreme heat or direct sunlight.
- Do not use as a toy by children to avoid injury. Use only under adult supervision if accessible to children.
- Ensure that the chair is stable and sturdy to minimise the risk of falling and tipping over.
- Warning: The seat can slip or break if used incorrectly.
- Regularly check the upholstery for tears or damage that could cause injury.
- The armrests are optional and can make stacking more difficult.
- Use the chair only for its intended purpose in accordance with the described properties.
- Ensure that end users are informed about proper use and care to ensure longevity.
- Regularly check the chair for stability and wear; do not use if damaged.
- Please observe the maximum load capacity of the chair to avoid safety risks. Do not overload the chair beyond the recommended load capacity.
- Only use authorised cleaning agents for cleaning.
- No sharp objects or excessive pressure on the cover skin to avoid damage.
