Safety Instructions:

- Ensure that the monitor swivel arm is securely mounted and does not exceed the maximum load of 15 kg.
- The table clamp must be properly secured to prevent the monitor from slipping or tipping over.
- When adjusting the height and ergonomics of the monitor, ensure that the arm is properly and stably attached.
- Only use the cable clips provided to secure the cable in order to avoid tripping hazards.
- Safety information and installation instructions must be easy to understand for the end user.
- The product is not suitable for children under 14 years of age.
- Regularly check the swivel arm for wear or damage, especially if it is used frequently.
