Please note the technical data of the products!

Article Number: 177552

Safety Instructions:

- Make sure that the monitor column is securely attached to table tops with a thickness of 14 to 40 mm to prevent it from tipping over or falling down.
- Use the cable clips to guide cables safely and avoid tripping hazards.
- The maximum load capacity of the monitor column is 11 kg. Do not overload the support arms.
- Ensure that the monitors are correctly mounted in accordance with the VESA mounting standards to ensure stability.
- Avoid improper use of the telescopic support arms to prevent injuries.
- Keep the product out of the reach of children to minimise the risk of injury from misuse.
