Article Numbers: 188221, 188220, 187503, 187502, 187501, 187500, 187498, 187497, 187496, 187495, 187494, 187493, 187492, 187490, 187489, 187488

Safety Instructions:

- Not suitable for children under 3 years of age, as small parts may pose a choking hazard.
- Keep the box away from moisture and direct heat to prevent damage to the material and mould growth.
- Avoid excessive loads to ensure stability and prevent damage.
- The box should be positioned on a stable, level surface to prevent it from tipping over.
- Do not store near sources of fire or high temperatures.
- Use only for the intended purpose and keep away from small children.
- Ensure that the box is mounted correctly to ensure structural integrity.
- Protect the box from chemical cleaning agents and direct sunlight so as not to damage the PP film.
- Not suitable for transporting heavy objects, e.g. not for use by small children without supervision.
- Take care when handling sharp edges of the grey cardboard to avoid injury.
- Do not use the storage box as a staircase or seat.
- Only use in well-ventilated areas to prevent mould growth.
- Water and dirt-repellent properties may deteriorate over time, so check the condition of the box regularly.
- Lamination with PP film may contain chemical substances, but should be protected from intense sunlight.
- Do not store the product near sources of fire, as the grey cardboard is flammable.
