Article Numbers: 193925, 193924, 193923

Safety Instructions:

- The product can tip over if used incorrectly, which can lead to injuries. Ensure that it is placed on a stable, level surface and that the shelf is stable. Make sure that heavy or large objects are not stored at the top of the shelf and that loads are evenly distributed to prevent tipping.
- Keep the product away from moisture and direct heat sources to prevent material damage.
- Make sure that the shelf is securely mounted when it is attached to a wall.
- Only use the product for its intended purpose in order to avoid damage and potential hazards.
- Not suitable for children under 3 years due to choking hazard from small parts.
- Ensure that the product has been designed and manufactured in accordance with the general safety requirements.
- Include clear instructions and safety information in an understandable language.
- Carry out regular checks of the product for conformity with the safety requirements.
- Inform consumers and market surveillance authorities immediately in the event of a safety problem.
