Safety Instructions:

- Due to its design, the clothes locker may have sharp edges, so care should be taken when handling it.
- Secure the clothes locker to the wall to prevent it from tipping over, especially if the floor is uneven.
- Avoid overloading the shelves and the clothes rail to prevent them from breaking.
- The use of a suitable lock (cylinder or rotary bolt lock) to protect against unauthorised access is recommended.
- Keep the locker away from sources of water, damp places and direct sunlight to prevent rusting.
- Avoid using force to open the doors to prevent damage.
- Make sure that the ventilation slots are not blocked to ensure optimum ventilation.
- Small parts such as anchoring hardware must be kept out of the reach of children to avoid the risk of suffocation.
- Provide clear instructions for the safe use and installation of the product.
- Ensure that the product key can be easily stored by named users to prevent loss or misuse.
