Safety Instructions:

- Ensure that the product is secure, stable and properly installed to prevent it from tipping over.
- Avoid sharp edges or protruding parts that could cause injury.
- The padlock should be easily accessible so that it can be opened quickly in an emergency.
- After use, the locker should be closed to ensure safety.
- Ensure that locks, latches and doors are checked regularly for functionality and security.
- Store the locker in a dry area out of direct sunlight to prevent material wear.
- Secure the clothes locker with a padlock or cylinder lock to prevent unauthorised access.
- Avoid storing highly flammable materials in the locker.
- Make sure that the locker is not overloaded to prevent it from tipping over or being damaged.
- Ensure that the locker is placed on a stable and level surface.
- The ventilation slots are important for proper ventilation and must not be blocked.
- When used by children, the safety mechanisms should be strictly controlled.
- Only use the locker for its intended purpose.
- Keep body parts away when closing the doors to avoid crushing injuries.
- Not suitable for children under 3 years due to choking hazard from small parts.
- Observe the maximum load on the clothes rail to avoid overloading.
- Take care when using the cylinder lock to avoid injury from jamming.
- Avoid storing heavy objects on the hat shelf.
- Children should not play with the clothes locker or use it as a climbing frame.
- The clothes locker is only suitable for dry environments.
- The clothes spindles should be fitted by an adult to ensure correct installation.
- Follow the manufacturer's instructions for installation and use.
