Safety Instructions:

- Ensure that the clothes locker is stable, mounted and used properly to prevent it from tipping over.
- Observe the maximum load capacity of the clothes rail and hat shelf to prevent damage.
- Remove or take care of all sharp edges before use to avoid injury.
- Read and follow the instructions carefully before use and during installation to avoid errors.
- Make sure that the doors are secure when closing to prevent crushing or trapping.
- Use padlocks and cylinder locks in accordance with the instructions and ensure that they are kept out of the reach of children to prevent unauthorised access.
- Children should never play with the locker or be near it unsupervised.
- Avoid sharp or destructive objects inside the locker to prevent damage.
- Do not block ventilation slots and keep them clean to ensure proper air circulation.
- Protect the locker from extreme weather conditions to prevent material damage.
- Do not overload to avoid structural damage and tipping.
- Clean the floor of the locker regularly to prevent accidents caused by slipping.
- Handle the use of labels in such a way that there is no risk of suffocation.
- Take care with sharp edges or corners of the spindle to avoid injury.
- Observe the environmental regulations and recycling guidelines for metal during disposal.
