**Article Numbers:** 310844, 310843, 310842, 310841, 138883, 138882, 138881, 138880

### **Safety Instructions:**

- Check regularly that all latches and locks are working properly and that the locker is standing on a flat, stable surface to prevent it from tipping over.
- Observe the maximum load capacity and do not overload the locker to prevent structural damage. Do not place heavy objects on the top of the locker or the hat shelf.
- The clothes locker is designed for storing clothes and for use by adults only. Children should be kept away and playing with locks should be avoided to prevent injury.
- Keep small parts such as keys out of the reach of children to prevent the risk of choking and store the keys securely to prevent unauthorised access.
- To avoid damaging the surface, do not use any sharp objects for labelling or cleaning the locker.
- The clothes locker should not be used in damp environments in order to avoid the formation of rust. Pay attention to the ventilation slots and ensure sufficient ventilation to prevent mould growth.
- In the event of damage to the material or functional impairment, act immediately and do not continue to use the locker until it has been repaired.
- Ensure that the installation and user instructions are followed to ensure correct installation.
- Take care when using near water sources, as moisture can affect the stability of the locker.
- Do not use for the storage of hazardous substances or chemicals.
