Safety Instructions:

- Height adjustment should only be carried out by adults and attention should be paid to crushing hazards.
- Do not use excessive force when adjusting the height and secure the position before use to ensure stability.
- Ensure that the table top is set between 720 and 820 mm and adjusted by adults to avoid the risk of falling.
- Make sure that the desk is placed on a stable and level surface to prevent it from tipping over.
- Avoid overloading the tabletop beyond the recommended weight limits and distribute heavy objects evenly to ensure stability.
- Ensure that all screws and fixings are firmly tightened to ensure safe use.
- Only carry out installation in accordance with the enclosed instructions and with suitable tools in order to avoid injury.
- Read and follow the instructions carefully before assembly to ensure safety and stability.
- Children should not play unsupervised near the table to avoid injury.
- Use the cable apertures and cable ducts properly to avoid tripping hazards and minimise electrical hazards.
- Keep the desk away from moisture, direct sunlight and extreme temperatures to prevent material damage.
- Inform users about the correct handling and care of the product and regularly monitor the condition of the table for damage or wear.
- Do not use as a ladder or to reach heights and do not apply excessive force to minimise the risk of injury.
- Regularly check minimum and maximum height adjustments to fulfil ergonomic requirements.
