Safety Instructions:

- The desk is height-adjustable from 720 to 820 mm. Ensure that the height is adjusted correctly to avoid injuries caused by unstable or incorrectly adjusted positions.
- Regularly check the stability and all screw connections to ensure the safety of the desk.
- Use the product in accordance with the manufacturer's recommended guidelines. Failure to do so may result in damage to the product or injury.
- Assembly should be carried out carefully using the parts supplied and in accordance with the instructions to ensure stability and safety.
- Small parts in the product can pose a choking hazard for children if handled incorrectly. Keep the product away from small children.
- Make sure that the desk is placed on a stable and level surface to prevent it from tipping over or wobbling.
- Only use the product in dry indoor areas and protect it from heat and moisture to prevent damage.
- Sharp or pointed objects should be avoided on the table surface to prevent scratches or damage.
- Keep electrical appliances and cables away from the edge of the table to avoid tripping hazards.
- The assembly and safety instructions should be read carefully and followed before using the desk.
- The maximum load capacity of the table of 100 kg should not be exceeded in order to avoid damage or instability.
- Ensure that the table top is securely and correctly mounted to prevent it from tipping or falling over.
- For the safety of children: Keep small parts out of their reach and note that the desk is not suitable for children under 3 years of age.
