Article Numbers: 310848, 310847, 310846, 310845, 138887, 138886, 138885, 138884

Safety Instructions:

- Risk of suffocation due to improper use of small parts or accessories; ensure that they are assembled and used correctly.
- Risk of injury from sharp edges or corners of the clothes spindles. Keep sharp objects away.
- Risk of jamming or crushing when opening or closing the doors.
- Ensure that the doors are properly locked to prevent unauthorised use; use a cylinder lock and keep the key safe.
- Position and secure the locker correctly to prevent it from falling over; ensure a stable, level surface.
- Avoid placing heavy objects on the clothes locker to prevent stability problems.
- Keep the ventilation slots clear to ensure optimum air circulation.
- Only use the product for its intended purpose and follow all installation instructions.
- Warning of possible cutting and crushing hazards when using the doors and locks.
- The product is not suitable for use in public areas without additional safety precautions.
- Additional protective measures are required if the locker is accessible to children.
- Risk of falling due to improper use or overloading of the compartments, max. load capacity must not be exceeded.
- Make sure that the clothes locker is checked regularly for damage or wear.
- The use of aggressive cleaning agents on the powder-coated surface can lead to damage.
- Clear instructions and safety information are required for safe operation.
