Please note the technical data of the products!

Article Numbers: 401119, 401118, 401117, 401116, 401115, 401114, 401113, 401112, 401111, 401110

Safety Instructions:

- Avoid risk of injury from opening several drawers at the same time - use the individual pull-out stop to minimise the risk of crushing.
- Do not exceed the maximum load of the drawers (observe 35 kg) to ensure stability and safety.
- Use a cylinder lock to prevent theft of tools and keep keys safe.
- Only use drawer bases in combination with PROFI workbenches to ensure safety; suitable for workbenches with a depth of 700 mm.
- Keep children away from the product to minimise safety risks.
- Avoid contact with sharp edges or corners and excessive pressure when pulling out the drawers to prevent damage.
- Ensure that all parts are correctly fastened during assembly to ensure stability.
- Do not use the drawers as a stepping aid to avoid the risk of falling.
- Take safety precautions by keeping the work area free of obstacles to avoid tripping accidents.
- Suitable personal protective equipment (PPE) is recommended for operation.
- Suitable for use in commercial environments, but ensure safe handling.
- Check the drawers regularly for damage and repair or replace them if necessary.
