Please note the technical data of the products!

**Article Numbers:** 240453, 240340

### Safety Instructions:

- Make sure that the table base is stable on the floor to prevent it from tipping or falling over.
- Avoid blocking paths or passages when positioning the table system to minimise the risk of tripping.
- Protect the table base from excessive moisture and extreme temperatures to prevent damage.
- When using the table system with several tables, make sure that the table base is properly mounted to ensure safety.
- Please note that the table base is made of steel and improper use can lead to injuries.
- When installing and using the table base, make sure you have a suitable working area without obstacles.
- Avoid running over cables or other objects while using the table base to prevent tripping hazards.
- Ensure that the table height is adjusted after installing the table base so that the chair can be used comfortably.
