Article Numbers: 137825, 137824, 136404, 136403

Safety Instructions:

- Do not bring into contact with hazardous substances.
- Protect from direct sunlight and moisture.
- Regular inspection and maintenance required.
- Do not use in areas where hot or glowing objects are present.
- Only use the absorbent mat on hard, stable surfaces.
- When using absorbent mats to absorb chemicals, observe the specific hazards of the respective substances.
- Quick action is necessary if the mat is saturated with hazardous substances.
- The mat should be checked regularly for wear, cracks or other damage.
- Avoid use when handling explosive or flammable substances.
- Keep the absorbent mat away from heat sources and sharp objects.
- Do not use with strong acids or bases.
- Mixtures of chemicals can cause dangerous reactions.
- Keep the mat away from naked flames or other sources of ignition.
- The applicable safety regulations must be observed for use in the commercial sector.
- Not suitable for contact with food.
- Avoid contact with strong chemicals that can damage the absorbent mat.
- The absorbent mat can become slippery if used incorrectly.
