Safety Instructions:

- Make sure that the table is placed on a stable, level surface to prevent it from tipping over.
- Use the table in accordance with the specified assembly and utilisation instructions.
- Make sure that cables and other components are not damaged and that no cables hang over the edge of the table to avoid tripping hazards.
- Keep small parts away from children to avoid choking hazards and do not allow children in the vicinity during assembly or use.
- Exercise caution when adjusting the height: Keep hands and body parts away from the mechanism and explicitly adhere to the range of 650 to 850 mm.
- Avoid overloading the table top, do not exceed the maximum load to prevent damage.
- Accessories should only be used in accordance with the manufacturer's instructions to ensure safety.
- Avoid contact with water and aggressive cleaning agents to prevent damage.
- During assembly, ensure that all parts are correctly assembled and securely fastened to guarantee stability.
- Only use suitable cleaning agents for care and cleaning.
- Check all parts and accessories for completeness before assembly.
- Do not place furniture near sources of heat or water.
- Follow the instructions for height adjustment to avoid ergonomic problems and ensure that the mechanism works.
- Responsibility for accessories: Mount the CPU holder and other accessories securely.
- Safety note: Product intended for adults, keep out of reach of children.
- Read and follow the installation instructions before installation and ensure that all screws are firmly tightened.
