Safety Instructions:

- Ensure that the desk is mounted on a stable and level surface to prevent it from tipping over or slipping.
- The desk must be assembled by qualified personnel to ensure safety and stability.
- Make sure that the desk is not blocked when adjusting the height and that there is no risk of crushing.
- Use cable management systems correctly to avoid tripping hazards and ensure proper cabling.
- Ensure that all parts are properly assembled and secured to avoid the risk of tipping.
- Children should not use the desk without supervision in order to minimise the risk of injury from small parts and the height mechanism.
- When using the desk, make sure that there are no sharp edges or loose cables that could cause injury.
- The product should not be placed near water sources or heat sources to avoid damage.
- Regularly check the stability and functionality of the desk, especially after assembly and when making frequent height adjustments.
- Use the desk in accordance with the manufacturer's instructions to avoid safety risks due to improper use.
- Not suitable for children under 3 years - danger from small parts.
