Safety Instructions:

- Make sure that the desk is correctly assembled to ensure stability and safety.
- The correct height adjustment of the desk is between 650 mm and 850 mm. Use suitable tools for the adjustment and avoid blocking the mechanisms.
- Make sure that the desk is placed on a stable and level surface to prevent it from tipping or wobbling.
- Check and tighten all screws and connections regularly to ensure stability.
- Avoid exceeding the maximum load capacity of 100 kg to prevent damage and instability.
- Cables should be routed neatly through the passages provided to avoid tripping hazards.
- Check the desk regularly for damage or wear and tear and replace or repair as necessary.
- Avoid placing heavy or sharp objects on the table to prevent damage.
- The desk is not suitable for children under the age of 14.
- Ergonomic adjustment is recommended for height adjustment and use to prevent back problems.
- Do not use aggressive chemicals to clean the desk to avoid damaging the surface coating.
- Keep electrical appliances and cables organised to avoid tripping hazards and potential fire hazards.
- Always follow the installation instructions supplied to ensure safe and error-free use.
