Safety Instructions:

- Caution: Risk of overturning if the table is not fastened correctly. Ensure that all screws and connections are firmly tightened.
- The desk should be set up on a level surface to ensure stable use.
- When adjusting the height, make sure that there are no objects in the operating range to avoid injuries.
- Do not exceed the maximum load on the desk to prevent damage or injury.
- Keep children away from the assembly and installation of the table to avoid accidents.
- Children should be supervised when playing near the desk to prevent injuries from falls or crushing.
- Correct assembly: The table must be assembled in accordance with the assembly instructions to ensure stability and safety.
- Cable management: Ensure that cable outlets are used to enable safe working and avoid tripping hazards.
- The desk should be used in accordance with the instructions in the assembly instructions.
- Regularly check the stability and condition of the table to ensure safety.
- Choking hazard due to small parts if not assembled correctly.
- Avoid harsh or abrasive cleaning agents so as not to damage the tabletop surfaces.
- Do not use any sharp objects on the tabletop to avoid damage and hazards.
- Risk of injury due to sharp edges or corners. Check edges and the tabletop regularly for damage to minimise safety risks.
- Avoid tripping hazards: Ensure that cables and connections are properly installed and secured.
- Only use the recommended accessories and components to ensure safety.
- Ensure that the desk is stable to prevent it from tipping over.
- The height should be adjusted carefully to avoid crushing.
- Do not store heavy objects in excess of the recommended weight.
