Safety Instructions:

- Assemble and use the desk according to the manual and instructions to ensure stability and safety.
- Make sure that the desk is placed on a stable, level surface to prevent it from tipping over.
- Make sure that all cables are laid correctly to avoid tripping hazards.
- Avoid overloading the tabletop beyond the maximum permissible load to prevent damage.
- Secure the cable outlets to minimise the risk of fire and tripping.
- Take care not to place any heavy objects on the table top to prevent an imbalance.
- Keep the desk away from moisture and direct sunlight to prevent damage.
- Use the instructions and tools supplied when assembling to avoid injury.
- The height adjustment mechanism should only be used in accordance with the manufacturer's instructions to ensure safety.
- The desk is intended for indoor use only.
- The desk is not suitable for children under 3 years of age due to small parts and risk of injury.
- Regularly check the stability and integrity of the table tops and frame structure.
- Avoid contact between the tabletop and sharp objects to prevent damage.
- Ensure that the table top is used with suitable accessories to prevent structural damage.
- Children should not play near the desk without supervision to avoid injury.
- Make sure that the height of the desk is set correctly to avoid ergonomic problems.
- At least two people are required for assembly to ensure optimum safety.
- Safe handling of cables and electrical components to avoid tripping hazards and electrical dangers.
- Protect the tabletop from direct contact with high temperatures to prevent damage.
- Parts that are difficult to lift require care when handling during assembly or movement.
- Keep the area around the table free of obstacles to ensure freedom of movement.
- Avoid overloading the cable outlets to prevent fire hazards.
- Remove all packaging materials before use to prevent tripping hazards.
- The product is intended for use by adults and adolescents only.
