Safety Instructions:

- Make sure that the table top is correctly fitted and that the stability of the table and frame construction is checked regularly, especially after moving, to ensure stability and prevent tipping.
- Avoid placing heavy objects on the tabletop to prevent damage, deformation or breakage.
- Ensure that no cables or lines can become trapped in the area of the adjustment mechanisms and use cable outlets to avoid tripping and fire hazards.
- Keep the height adjustment out of the reach of children and check it regularly to prevent accidental injury and improper use.
- Make sure that the table is stable and non-slip on a level surface to prevent it from tipping or falling over and to avoid accidents.
- Secure all cables properly and ensure that they are in perfect condition to avoid tripping and electrical risks.
- The table top is melamine-coated and has sharp edges; protect it from sharp objects and improper handling to avoid injury.
- Use the table in accordance with the enclosed instructions and only use recommended accessories to ensure safety and functionality.
- The product is suitable for users aged 12 and over, but children should be supervised to avoid danger.
- The assembly instructions should be complete and easy to understand; make sure that the product is set up safely for children and pets.
- Avoid using the table with wet hands to prevent it from slipping or tipping over.
- Clean the table surface regularly to prevent damage from liquids.
- Ensure that the product is supplied in a language that is easy to understand.
