Article Numbers: 401139, 401138, 401137, 401136, 401135, 401134, 401133, 401132, 401131, 401130

Safety Instructions:

- Maximum load per drawer: 35 kg. Avoid overloading.
- Drawers can be pulled out up to 80 %; avoid pulling them out completely to prevent the risk of tipping.
- Use the single pull-out stop to prevent several drawers from opening at the same time and to minimise the risk of crushing.
- Drawers should only be operated by adults; they are not suitable for children. Keep children away to avoid injury.
- Only open with the keys provided for the cylinder lock to prevent theft.
- Only install the drawers on stable workbenches/substructures with a depth of at least 700 mm.
- Keep the drawers away from moisture and extreme temperatures to ensure durability.
- Ensure safe installation and use to avoid safety risks. Follow the installation instructions carefully.
- Keep small parts out of the reach of children to avoid the risk of choking.
- Only use the drawer bases for their intended purpose to avoid injury and damage.
- Care and regular maintenance of drawer mechanisms and locks to ensure safe use.
