Safety Instructions:

- Do not exceed the maximum load of 120 kg. Make sure that there is no excessive load at any one point to avoid tipping over.
- Ensure that the product is properly mounted and secured to a stable, level surface to ensure stability.
- Follow the instructions carefully during installation to avoid safety risks. Only use the fixing materials supplied.
- Not suitable for children - Keep small parts and assembly components out of their reach to avoid the risk of injury.
- Use the product at your own risk. Wear suitable protective clothing during installation and use the product in accordance with the intended specifications to avoid hazards.
- Keep the work area free of obstacles and hazards to avoid accidents.
- Regularly check the fastenings and the stability of the product to prevent accidents and damage.
- Ensure that all parts are correctly and securely installed before using the product to prevent tipping or wobbling.
- Watch out for sharp edges or parts and take care when handling to avoid injury.
- The product is intended for use by adults only.
- The device is not suitable for humid environments.
- Proceed with caution when adjusting the height and ensure that all components are correctly secured.
- If you have any questions or uncertainties, contact the manufacturer or specialised personnel.
