Safety Instructions:

- Do not exceed the maximum load of 120 kg to avoid the risk of falling or breakage.
- Only use the product on stable and safe work tables to prevent it from falling over.
- Ensure that assembly and installation are carried out by a qualified person.
- Read and follow the safety instructions and installation instructions carefully to avoid injury.
- If you are unsure how to use the product or if it is damaged, consult a specialist immediately.
- Carry out regular checks for stability, damage or wear.
- Ensure that children are not in the vicinity during assembly and use to avoid injury.
- Before use, ensure that all fastenings are securely tightened.
- Please ensure that the superstructure profiles are securely fastened to the table frames.
- Avoid attaching additional parts that are not intended for use with this product.
- Do not leave any loose parts behind during installation to avoid injury.
- The height adjustment option should be checked to ensure that the settings are secure.
- Keep out of the reach of children to prevent injuries and the risk of suffocation.
- Only use the product in the manner intended by the manufacturer.
- Avoid tripping hazards by attaching the superstructure portal properly.
- Ensure correct installation in accordance with the enclosed installation instructions.
- Keep the area around the product clear of obstacles to prevent falls.
- Wear suitable personal protective equipment during installation and use to avoid injury.
- The product could tip or fall over if handled incorrectly, therefore ensure that it is mounted securely.
