Safety Instructions:

- Ensure that the rear panel is installed correctly and securely to guarantee stability and avoid the risk of injury from tipping or falling out.
- Ensure that the back panel is not overloaded as this can lead to instability or structural damage.
- Only use the brackets included in the scope of delivery and follow the installation instructions carefully to avoid errors and safety risks.
- The screen is not suitable for use as a toy and should be installed out of the reach of children to avoid the risk of suffocation or injury.
- Avoid contact with sharp objects and ensure that there are no sharp edges to prevent injury.
- Regularly check the stability and integrity of the cover and its brackets to rule out any safety risks.
- Installation should only be carried out by adults or qualified persons to ensure safety.
- Avoid mounting near heat sources to prevent material changes.
- The cover is intended for indoor use under the conditions specified in the description and should not be used in areas with high humidity.
